BooliiTheme

Tuan, designer and developer of website templates

booliitheme@gmail.com
themeforest.net/user/booliitheme
x.com/eden_tuan_teo

PROFILE

I design and build website templates for storefronts, booking sites, magazines and marketplaces, and sell them on ThemeForest, UI8 and here.

AI agents draw my first layouts, using skills I write for them. The weeks after go into what no draft gets right: the spacing, the type, the states.

EXPERIENCE

2021 – now	Solo, designing and building templates as BooliiTheme
2016 – 2021	Web developer in a website development team
Education	University degree in Information Technology

THEMEFOREST

WORK WITH ME

A template of your own

One niche, one buyer, never resold.

A site built to order

Designed, built and handed over.
